The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
U.S. House of Representatives

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for a Sewer Upsizing Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Buena Park, located at 6550 Beach Blvd, Buena Park, CA 90622.

The funding would be used to construct a critical sewer infrastructure improvement project that will increase system capacity, protect public health, and support the delivery of new affordable housing. The project is an appropriate use of taxpayer funds because it directly protects water quality, public health, and the community's long-term economic stability. By upsizing the existing sewer main and rehabilitating aging system components, the City will significantly reduce the risk of sewer backups and sanitary sewer overflows that could contaminate groundwater or nearby surface waters. By proactively increasing system capacity, the City minimizes future repair costs, reduces ongoing maintenance demands, and strengthens overall system resilience, providing lasting value to taxpayers.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Derek T. Tran  
Member of Congress
